

Water Color & Sketching Club

Miss Snapp
(Available only to 3rd Graders)

This after school club will be super popular for students in Grade 3 who love to draw, paint, and create their own pictures.

Former Art teacher, and now classroom teacher, Miss Snapp, will use her expertise in painting & design to show students the many facets of water color painting. Students will work on still life painting and recreating different images.

Sketching and drawing will be an enjoyable part of this club. Miss Snapp will show students how to create and draw easy pictures by using lines, circles, and different shapes. Creating background, foreground, and landscapes will allow students a chance develop beautiful scenery from their imaginations.

A perfect club for the creative child!

Creative Writing & Young Author's Club Grade 5

Miss Franco
(Available only to 5th Graders)

This club is for those students who enjoy writing stories, reading new books, learning new and larger words, and discussing stories & novels.

Apple Award winning teacher, Miss Franco, will show students new techniques and skills to become more efficient writers, how to support their written ideas, and gain confidence in expanding their creativity.

Analyzing text and placing it into finished products will be a major part of the club. Students will produce a finish product that will excite them to move on to great challenges as middle school students next year!

Creative Writing & Young Author's Club Grade 4

Ms. Kern
(Available only to 4th Graders)

Fourth grade students will love this club that focuses on making up your own stories.

Covering all necessary elements in writing, paragraphs, and word selection will help students gain a clear understanding of a finished writing product.

Master's Degree teacher Ms. Kern will use her graduate school & Disney World internship background to help 4th grade students develop new ideas and become better writers.

Elements of the Writing Workshop classroom program, along with the computer lab, will be used to allow children to prepare for completing a finished product and get ready for larger written assignments in 5th Grade!

***3 Great Programs to keep students focused on positive after-school activities on Tuesdays this fall...!**
